

**START SMALL. THINK BIG. America Saves Pledge Form Information**

America Saves now has the ability to share our pledge forms with other websites.

This will allow your organization to encourage individuals to pledge to save without ever leaving your website. America Saves will also be able to track how many individuals pledge through your form and report that information back to you.

**The data we can share with you:** Number of people who pledged, zip code, referral source, savings goal, amount pledged (total and median).

You can use this data to describe the savers who pledged through your form, (for example, “your members or customers” pledged to save \$X amount during America Saves Week). You can also set and track goals for how many people you would like to take the pledge or a total amount saved, (for example, setting a goal for employees or students to pledge to save a total of \$10,000).

**What we do with the data:** We do not share personal information with anyone. If users opt-in, we will send them email updates. We also use aggregate saver goals and amounts pledged to show the impact of the campaign. (Note: America Saves does not track savings accounts.)

If you would like to include the America Saves pledge form on your website, please contact [Katie Bryan](#) with:

- Your organization name
- The website you would like to install the form on
- If applicable – any local America Saves campaign you are working with
- NOTE: The pledge form should live on a page dedicated to the form.

Upon approval from the America Saves team you will receive an “iframe code” (like pictured below) to put on your website. Your web administrator can help you put this code on your website.

```
<iframe src='https://ThisIsTestCode/f.aspx?c=37&l=1&t=0&s=1|2|3|7&a=0' scrolling='auto' height='1300px' width='100%' frameborder='0'></iframe>
```

Once the code is placed on a page in your website editor, it will appear on the live website as seen below. While the text within the form CAN NOT be altered, you can change the height and width, and include a border by altering the iframe code.

Set a goal and make a plan to save. Join over 310,000 people who have pledged to save and take the America Saves Pledge today. Already taken the pledge? America Saves encourages you to recommit to your savings goal and re-pledge today.
